

MAX KANTOR

Director of Software Engineering | Senior Engineering Manager | Cloud & SaaS Leader

Cumming, GA • (678) 517-4662 • mykantor@bellsouth.net • maxkantorportfolio.com

EXECUTIVE PROFILE

Software engineering leader with 15+ years of experience leading enterprise engineering teams, modernizing cloud platforms, and delivering business-critical applications across SaaS, e-commerce, healthcare, telecom, and enterprise operations. Combines people leadership with hands-on architecture across .NET, React, AWS, distributed systems, CI/CD, Agile delivery, and AI-enabled product development. Known for improving engineering velocity, mentoring teams, simplifying complex platforms, and turning business priorities into reliable, scalable software solutions. Currently building cloud-native AI products and production SaaS platforms using React, .NET, AWS, OpenAI, and serverless architecture.

CORE LEADERSHIP EXPERTISE

- Engineering Leadership & Team Development • AI Product Strategy & Applied LLM Integration
- Cloud-Native SaaS Development • AWS Serverless & Distributed Systems
- Full-Stack Architecture (.NET + React) • Agile Delivery, Scrum & Kanban Leadership
- Executive Stakeholder Communication • Technical Roadmaps & Platform Modernization
- CI/CD, DevOps & Release Governance • System Design & Architecture Reviews
- Engineering Mentorship & Delivery Improvement • Product Strategy & Engineering Delivery

TECHNOLOGY STACK

- Languages & Frameworks: C#, .NET / .NET Core, ASP.NET MVC, Web API, JavaScript, TypeScript, Python, VB.NET
- Frontend: React, Angular, Tailwind CSS, JavaScript (ES6+), HTML5, CSS3, Bootstrap
- Cloud & DevOps: AWS (Lambda, API Gateway, S3, Route 53, SES, SQS, SNS, IAM, DynamoDB, RDS, CloudWatch, Amplify), Azure, Azure DevOps, GitHub Actions, Octopus Deploy
- AI & Automation: OpenAI APIs, AWS Bedrock, GitHub Copilot, Cursor AI, AI-assisted SDLC workflows, LLM integration
- Databases: SQL Server, DynamoDB, MySQL, Sybase, Oracle
- Tools & Platforms: Git, Jira, Bitbucket, ServiceNow, SSIS, SSRS, Stripe

PROFESSIONAL EXPERIENCE

Independent AI & Cloud Engineering Director / Founder

Jan 2026 – Present

Self-Directed AI Product Development

Architecting and building AI-powered SaaS and cloud-native applications using React, Tailwind CSS, .NET, AWS, OpenAI, and modern serverless technologies. Own full product lifecycle across architecture, hands-on engineering, DevOps, UI/UX direction, cloud infrastructure, AI integrations, monetization, SEO, and deployment automation.

- Designed and developed production SaaS platforms using React frontends and .NET 8 serverless backend architecture hosted fully in AWS.
- Built scalable cloud-native systems leveraging AWS Lambda, API Gateway, DynamoDB, S3, SES, Route 53, CloudWatch, and Amplify.

- Integrated OpenAI APIs and AWS Bedrock into real-world applications while using Cursor AI and GitHub Copilot to accelerate development workflows.
- Created full-stack platforms for AI automation, video dubbing, content localization, analytics, fitness, wellness, and content workflows.
- Developed responsive UI/UX experiences optimized for conversion, Stripe payment flows, secure token-based credit usage, and admin CRM visibility.

Technologies: React, Tailwind CSS, Angular, .NET 8, C#, TypeScript, AWS Lambda, API Gateway, DynamoDB, S3, CloudWatch, Amplify, Route 53, OpenAI APIs, AWS Bedrock, Stripe, Cursor AI, GitHub Actions.

Senior Software Development Manager

Apr 2023 – Apr 2026

Wintergreen Corporation – Alpharetta, Georgia

Led engineering initiatives across cloud and enterprise web platforms while managing a cross-functional software development team of 6 engineers and delivery operations.

- Led and mentored engineers delivering business-critical enterprise web platforms and cloud-native software solutions.
- Improved delivery timelines through Agile process improvements, dependency removal, code review discipline, and CI/CD pipeline optimization.
- Drove architecture decisions focused on scalability, maintainability, reliability, and modernization into .NET, React, and Angular frameworks.
- Partnered with business stakeholders, product teams, and executive leadership to translate operational needs into practical engineering roadmaps.

Technologies: .NET, C#, React, Angular, SQL Server, Azure DevOps, AWS, GitHub Copilot, Octopus Deploy.

Senior Application Development Manager / Scrum

Jan 2016 – Mar 2023

Master

Rollins Inc. – Atlanta, Georgia

Oversaw enterprise Agile delivery and distributed engineering operations supporting large-scale, high-availability systems used across nationwide field operations.

- Managed Agile software delivery across cross-functional distributed teams, implementing Scrum and Kanban frameworks to improve predictability and transparency.
- Led enterprise architecture discussions, sprint planning, branching strategies, release governance, and automated deployments using Azure DevOps and Octopus Deploy.
- Directed secure data and transactional integrations with enterprise and financial partners including Fiserv, UKG, Wells Fargo, and JPMorgan Chase.

Technologies: .NET, C#, Angular, SQL Server, Azure DevOps, Octopus Deploy, REST APIs, Agile/Scrum.

Scrum Master / Senior Technical Lead

Jan 2015 – Dec 2015

NIIT Technologies – Atlanta, Georgia

- Served as Scrum Master and Senior Technical Lead for enterprise airline platform modernization initiatives.
- Led development planning, architecture guidance, Agile ceremonies, and senior engineering mentorship.
- Implemented Sitecore CMS and distributed messaging solutions to support enterprise content and data delivery.

Technologies: .NET, C#, VB.NET, Sitecore CMS, Distributed Messaging Systems, SQL Server, Agile/Scrum Frameworks.

E-Commerce Engineering Manager

Feb 2014 – Dec 2014

Springfield Corporation / PeachSuite – Atlanta, Georgia

- Managed engineering operations for a high-volume, customer-facing e-commerce platform.
- Led checkout flow modernization, performance optimization, release improvements, and cloud delivery enhancements.
- Directed AWS infrastructure operations across EC2, S3, and RDS, along with SQL Server database performance improvements.

Technologies: AWS (EC2, S3, RDS), .NET, ASP.NET MVC, C#, JavaScript, SQL Server, IIS.

EARLIER CAREER EXPERIENCE

McKesson | Global Connection | Cultura

Prior to 2014

Technologies | Overgroup Consulting

Team Lead | Software Development Manager | Chief Architect

- Built and modernized enterprise healthcare, telecom, CRM, OSS, and financial systems.
- Led architecture migrations from legacy desktop and monolithic environments into scalable .NET enterprise platforms.
- Directed distributed software engineering teams and delivery models across onshore and offshore resources.

Technologies: .NET Framework, C#, ASP.NET, SQL Server, Oracle, Sybase, VB.NET, Architecture Migration Methods.

CERTIFICATIONS & EDUCATION

- **AWS Certified Cloud Practitioner** | Amazon Web Services
- **Professional Scrum Master I (PSM I)** | Scrum.org
- **Bachelor of Science – Mechanical Engineering** | Moscow Automobile and Road Construction State Technical University
